Commencement

Four of Worlds

Commencement represents the *Emperor's* way of behavior in the world. Like the Emperor, act! Do it now! There is no time like the present to set your plans in motion and do what you want to do. Get the ball rolling! Do not be afraid to come out and take the leap. Ram ahead! Give it a go! Once you have started, keep going. Get it done! Be a doer.

To give birth, or to manifest anything, is always laborious and a struggle. Set your mind with determination and resoluteness. Charge up emotionally. Follow your enthusiasm. Build up your physical energy. Realize that in action you are living in accordance with the great creative spirit. Manifest your world and your dreams by putting your spirit into action. Mobilize all your powers. Gather your strength and jump into it!

Anger

Four of Cups

Anger symbolizes the *Emperor's* emotional nature. Like the Emperor, you are angry whenever you have not reached your goals. Anger is great energy, however, and so use it productively. Use your frustration to move ahead. Convert your anger into progressive energy. Release your rage by actions that get you to your goal. Act. Move. Breakout. Get going. If you apply your anger correctly, it is purifying, catalytic, and effective.

Anger can also be a destructive energy. To hate and turn your insecure envy and jealousy into a hurtful tantrum toward yourself or another is completely self-defeating.
